

BROWN BAG LUNCH SEMINAR

Cherry Street Room Friends Center
1501 Cherry Street, Philadelphia, PA 19101
WEDNESDAY September 16
Noon to 1.30PM

Understanding **THE INTERNATIONAL ATOMIC ENERGY AGENCY** and the IRAN “Nuclear Deal”

IAEA is a global instrument of public trust and scientific cooperation and this public seminar is organized to promote better understanding about the mission, mandate and work of this key agency in the UN System. The IAEA has been a prime focus of news coverage lately as a major instrument in implementing the P5+1 Iran Nuclear Agreement. While the political debates about this accord are far from over, little is reported or debated about the crucial role of this agency; an organization that recently received the Nobel Prize for Peace.

Speakers:

David Kinley III (retired Public Information official of the IAEA)
“Working to inform the global audience about the achievements of the IAEA”

Tammy Murphy (Project for Nuclear Awareness)
“The need to trust and protect the IAEA: the long shadow of the denigration of Hans Blix”.

Ed Aguilar (PA Director, Coalition for Peace Action):
“Promoting the IAEA, and using the Iran “Deal” to build success in next global nuclear disarmament talks.”

This forum is being promoted by several organizations and faculty members at regional colleges and universities. It is open to the public and free of charge. We specifically wish to invite students in international relations, political science and engineering/chemistry/physics.

The UNA-GP is a chapter of the UNA-USA, and membership is open to all who live in the Philadelphia region. The UNA-GP strives to be a constructive supporter of the UN and the UN System and seeks to fulfill its mission through education, awareness-raising and advocacy.
We ‘Act and Think Globally’
