UNA-USA Vision
“A world in which humanity is spared the scourge of war, human rights are honored, the natural environment is protected and the United States is a constructive member of the United Nations for the well-being of all humankind.”

UNA-GP Mission
The United Nations Association of Greater Philadelphia is dedicated to educating, inspiring and mobilizing our residents and political leaders to support the principles and vital work of the United Nations, strengthening the United Nations System, promoting constructive United States leadership in that system, and achieving the goals of the UN Charter. To realize this, the United States must manifest a greater commitment to internationalism, multilateral agreements, respect for international law, and more positive participation in the U.N. System. Our mission is to help achieve constructive U.S. leadership within a strengthened U.N. System by mobilizing the democratic, cosmopolitan capacity of the Philadelphia population. Fulfillment of our mission would enable the U.S. and other nations to redirect billions of dollars from spending on weapons and conflict handling to programs promoting conflict prevention, serving human needs and enhancing human potential.

We are an all-volunteer membership organization; please consider becoming a member. www.una-gp.org
